

TECHNICAL DATA SHEET

LANDORA BOILED LINSEED OIL

Landora Boiled Linseed Oil is a vegetable oil used for treating woodwork, garden furniture, boats and jetties that will not be painted afterwards. This product is suitable both for outdoor and indoor use.

Environmental considerations: Surplus oil is not to be disposed of in common drains. Any surplus liquid and the container is to be handed in to your local recycling station.

Once opened, close the lid carefully.

Directions for use

Apply the oil using a brush, sponge or cloth. If required, the treatment may be repeated after 48 to 72 hours. Drying time depends on the state of the surface. Normally, wood that has been treated with boiled linseed oil can be worked on after 24 hours.

The product is available in the following amounts:

1.0 litre: Clear
