

TECHNICAL DATA SHEET

LANDORA PAINT WASH

Landora Paint Wash is a slightly alkaline detergent and degreasing agent for indoor use. Use it before painting to improve the adhesion of the paint and to make it easier to paint.

Environmental considerations: Surplus liquid is not to be disposed of in common drains. Any surplus liquid and the container is to be handed in to your local recycling station. Landora Paint Wash is environmentally friendly and is quickly decomposed biologically.

Directions for use

Wear protective gloves and goggles.

1. Protect windows, glass sections and other items that may be damaged by alkaline products, such as aluminium.
2. Moisten a sponge or a cloth with Landora Paint Wash and wipe the surface to be painted.
3. Then wipe off the detergent with a cloth moistened with water.

Repeat the procedure on heavily dirty surfaces.

The master painter suggests: Be meticulous with the preparation of the surface; it will make it easier to paint, and the end result will be so much better.

Application: Sponge, cloth or spray gun.

TO BE STORED AWAY FROM FROST

KEEP OUT OF REACH OF CHILDREN

The product is available in the following amounts:

1.0 litre

Produced for the Landora brand.
